julouesg@gmail.com | 09217523080 | [Indeed](#)

Education

Bachelor Science In Information Technology

STI College Dasmariñas, Cavite

2023 - 2024

Projects

- **Project: Japcha Project Website (Capstone Project)**

Our final year industry-partnered assignment. Created an online retail platform with functionalities including purchasing, messaging, customer feedback, and data analytics (top products, revenue). Deployed on a commercial web hosting service, iFastnet.

- **Project: Record List Tracker (My Project)**

The record list tracker website is your personalized media library where you can catalog your favorite movies, books, and TV shows. By creating an account and logging in, you can access your saved list of consumed media. This feature is similar to bookmarking or using platforms like MyAnimeList, allowing you to easily revisit your watchlist or reading list.

Internships

Techy David I.T Solutions

Technical Department, 486 hours

February 2024 - May 2024

- **Project: CID-System Website (March 2024 - May 2024)**

Our OJT training involves creating a CID (Client Identification) system for clients and employees. This system includes creating Terms of Service (TOS), generating CIDs for technicians and clients, managing client payments, and tracking ongoing device repairs.

Skills

Web Programming Skills: Proficient in HTML, CSS, JavaScript, and Bootstrap.

Web Design Tools: Skilled in using Figma and Canva for creating visually appealing web designs.

Microsoft Office: Experienced in Word, PowerPoint, and Excel for documentation, presentations, and data management.

Computer Systems: Competent in computer setup, configuration, and troubleshooting, ensuring efficient hardware and software functionality.
